

# CPRO-H I Othello

## Requirements

You can use any frameworks or library you want as long as it is in Javascript.

You should return your project in a Github repository, with instructions on how to use it. The due date is: Friday 1 March, 11:00 AM.

## Subject

I want you to recreate the Othello (or also called Reversi) game.

The only mode required is: **human vs human**. No human vs IA mode is required.
